ALICE MEUSSDORFFER DAHLIA GARDENS
487 Hanover Street San Francisco, California

GREETINGS TO ALL DAHLIA LOVERS

It gives me great pleasure to present my 1932 Catalogue this year; not only because it gives me an opportunity of greeting my dahlia friends, but because I am introducing such marvelous varieties of my own origination into the Dahlia World. There is no greater joy than to create something really exceptional, and the next greatest joy is to have others enjoy it also.

In these pages you will find all my New Varieties. 1931 was a very successful Season with us. Twenty four Prizes were awarded us. KAWEAH, the World's largest and most talked of Dahlia of the year, ruled supreme; winning 6 First Prizes for the Largest Perfect Dahlia in 6 Shows. ROSALIND KEEP won 2 First Prizes for Best Dahlia in 2 Shows; MOONBEAM captured the Achievement Medal of the American Home; and ALICE MEUSSDORFFER won the American Dahlia Society Medal for Best Basket of 15 Dahlias. We won First Prize For Best Display in 2 Shows in 1931.

I have had such fine reports on all my New Originations from the East as well as the West. We wish to thank our many friends and patrons for all their testimonial letters received and for their friendly interest in our dahlias. It is a source of pleasure and gratification to us. A satisfied customer is our best advertisement. In soliciting your patronage we wish to earn your confidence by fair dealing, and will do all in our power to warrant your continued confidence.

With Best Wishes for 1932.

ALICE MEUSSDORFFER

Member of the National Association of Commercial Dahlia Growers
Member of The American Dahlia Society—2nd Vice President of the Dahlia Society of California

The World's Largest and Greatest Dahlia

15 Inches in California; 15 $\frac{3}{4}$ Inches in Delaware. EASTERN and WESTERN HONOR ROLL DAHLIA. WINNER of 7 FIRST PRIZES in 6 SHOWS. 6 FIRST PRIZES for LARGEST PERFECT DAHLIA; 1 FIRST for BEST COLOR. THE MOST TALKED OF Dahlia of the Age. Illustration on Page 5. KAWEAH was the SENSATION of all the Shows, where exhibited; and conceded by Growers, Originators and all who saw it, to be the Largest, Greatest and most Wonderful Dahlia they had ever seen. This tremendously large Dahlia is named for one of our towering Mountain Peaks in the High Sierras in California, from whose summit one of the most superb views is had, that I have ever seen.

KAWEAH

KAWEAH has everything; huge size, splendid long strong STRAIGHT stem; wonderfully rich color, fine form, and substance, and splendid keeping qualities. The Color is a rich, fuchsia rose, center of petals shading to a rich velvety cardinal, towards the center of the flowers; when fully matured the flowers shade lighter toward the tips of the petals,

First flowers have been 13 $\frac{1}{2}$ to 15 inches without forcing, with great depth, and late in the Season the flowers have been 10 to 12 inches. It is naturally a large flower; I have never seen a small flower on the bushes. These tremendous blooms are held perfectly erect on very long, extra strong, stiff, straight stems, 18 to 24 inches to first lateral; and as one Grower lists it: "Kaweah is one of the big ones which does not sacrifice color or form to size. It is quite a compliment to any gigantic dahlia to call it graceful, but this one easily merits that compliment." They require very little disbudding. Bushes grow to a height of 5 feet; I have had as many as four enormous flowers blooming on the one bush at the same time; and many large buds ready to open.

DERRILL HART says: "KAWEAH is a magnificent exhibition Dahlia and a fine grower in the garden. Had I but waited my story, I would have given Kaweah an even more enthusiastic writeup in the American Home as the later flowers were even better than the first ones."

Kaweah won First Prize in the West Virginia Dahlia Society Show.

April 1st Delivery. Roots only, \$20.00 Net.

Kaweah.

KAWEAH—World's Largest Perfect Dahlia— $15\frac{3}{4}$ Inches
WINNER OF 8 FIRST PRIZES in 7 Shows. 6 for Largest, Perfect Dahlia in each Show. The most talked of Dahlia of the Age. Full description on Page 4.

Our New Introductions for 1932

INGOMAR—Semi Cactus

Illustration on Page 13

This immense 12 inch rich red, almost scarlet dahlia, with darker center, always attracts universal attention; not only on account of its fine form, and marvelous color, but for its erect carriage on absolutely strong, stiff straight stems. First flowers face upwards, and have great depth; the bushes are medium tall with us, and are prolific bloomers. It came so good in New York, that Derrill Hart would have featured it on the Honor Roll, had he not already featured so many reds this year.

April 1st Delivery. Price per Root, \$15.00 Net.

MOONBEAM—Formal Decorative

Illustration on Front Cover

Winner of the 1931 Achievement Medal at the Dahlia Society of California Show, for the Best Undissemited Seedling. Mr. Warwick Carpenter describes Moonbeam as follows in the December Issue of the American Home. "The pale yellow beams of an August moon are in the translucent petals of this very interesting and meritorious flower. Massive, easily attaining 10 inches in Diameter. The ground is canary yellow, becoming lighter toward the edges. Erect carriage on a good stem. Bushes are four feet high with rich lace-like foliage. The blooms last for a long time on the bush. This three-year-old holds much promise." It is a greatly admired flower in the garden, as well as when cut.

April Delivery. Roots only, \$15.00 Net.

ROSALIND KEEP—Formal Decorative

Illustration on Page 7

Winner of First Prize for Best Dahlia In San Francisco Garden Club Show. This large 10 inches and over, exquisitely beautiful, clear, delicate pure pink dahlia with white center, and water-lily form, must be seen, to be able to appreciate its exquisite beauty. It is universally admired, not only on account of its sheer beauty, but on account of its erect carriage on long, straight stems, that are graceful. It is the best keeper when cut, that I have ever seen; never needs renewing at the shows, and keeps a week in the house. It is a prolific bloomer; the first to bloom, and a very fast grower. The bushes are five feet tall, and are a mass of blossoms continually until late in the season.

April Delivery. Roots, \$15.00 Net.

LORRAINE—Pompon

This lovely pompon is one of the best. The color is a fine amber, with each petal edged with a warm old rose, and it has an old rose eye or center. The stems are very long and strong, the bushes are large and are always full of flowers; one of the best for cutting and florist work. \$1.50 Net.

Rosalind Keep

ROSALIND KEEP—1932 Introduction

Winner of FIRST PRIZE for BEST DAHLIA in SAN FRANCISCO GARDEN CLUB SHOW. 10 to 12 inches. Exquisitely beautiful, clear pure, pink, white center, water-lily form. Full description on Page 6

***ALICE MEUSSDORFFER**—Illustration on Page 9 (One of my finest 1931 Introductions). I. D. This large, refined and exquisitely beautiful dahlia, has been universally admired and declared by everyone who saw it, to be the most beautiful dahlia they had ever seen. It won First Prize for a Basket of 15 of one Variety at the Show of The Dahlia Society of California in 1931. Won American Dahlia Society Medal. The color is a pure, clear pinkish orchid, without a trace of any other color. The flowers often measure 10 inches and over, and are held perfectly erect on top of a long, wiry straight stem. The foliage is very attractive, lace-like but leathery, the tall bushes with the masses of blossoms look like rows of tall chrysanthemums. It is one of the latest blooming varieties I have; at this late date, December 16th, there are still many blooming. Roots only.....\$20.00
